**STATEMENT UNDER 37 C.F.R. §10.18 IN U.S. PATENT APPLICATION IDENTIFIED ABOVE**

Commissioner of Patents and Trademarks  
Box Duplicates  
Washington, D.C. 20231

Sir:

I hereby declare that Lee Ann DiLello, paralegal for applicant, mailed the above-identified application to the United States Patent and Trademark Office via the United States Postal Express Mail Service on October 22, 2001. The United States Postal Service had accepted such correspondence for Express Mail Delivery to the United States Patent and Trademark Office, but as of January 2002, the October 22, 2001 correspondence had not been delivered to the United

States Patent and Trademark Office, due to the decontamination of a mail facility in Washington, D.C. 20231.

Accordingly, applicant resubmitted the application to the United States Patent and Trademark Office under 37 CFR §1.8(b) and §1.10(b) and §1.10(e). The resubmission of the application resulted in two U.S. Application Serial Numbers having two different filing dates as follows:

- 1) U.S. Patent Application No. 10/047,554, filed on October 22, 2002, and
- 2) U.S. Patent Application No. 10/050,302, filed on January 16, 2002.

Applicant respectfully requests that the duplicate application assigned Application Serial No. 10/050,302, having a filing date of January 16, 2002, be deleted from the filing system of the United States Patent and Trademark Office and applicants be granted the original filing date of October 23, 2001 having been assigned U.S. Serial No. 10/047,554. Applicant provides herein, in Appendix A, a copy of the express mail receipt accompanying the original submission and a copy of the return postcards from both patent applications as evidence of the foregoing.

Applicant respectfully requests that a refund under 37 CFR 1.26 be credited to deposit account no. 50-0860 in the amount of \$ 1,640.99 as applicant was doubly charged for processing of a single patent application. Applicant provides herein, in Appendix B, a copy of applicant's check, which was received by the United States Patent and Trademark Office in connection with U.S. Application Serial No. 10/047,554 and a copy of applicant's deposit account activity for January 2002 showing the same amount being deducted from applicant's deposit account for U.S. Application Serial No. 10/050,302.

Applicant does not believe that any fee is due in connection with the foregoing. However, any deficiencies may be charged to the deposit account 50-0860.

In the event further questions should arise, the United States Patent and Trademark Office is invited to contact the undersigned at the telephone number given below.

Respectfully submitted,
